

GENERAL ENGLISH FOR OVER 30

GENERAL ENGLISH FOR OVER 30S

THE COURSE

Learning a new language is often a scary journey, but it's never too late to embark on this adventure.

For adults over 30, mastering English can open doors to countless opportunities, from career advancements to immersive travel experiences. This is why we have decided to extend the availability of this course in 2024.

It is based on 20-morning lessons per week (16.4 hours per week)*.

As well as General English lessons, students will enjoy an exclusive social programme designed with them in mind: access to our normal social programme and invitations to certain Platinum events to help improve their networking and business opportunities.
